The Committee is in receipt of the Request for Additional Information (RAI) dated 11/29/2012, regarding its October Quarterly Report (07/01/2012 - 09/30/2012). The Committee has amended three reports today to respond in part to this RAI: Year-End Report (10/01/2012 - 12/31/2012), April Quarterly Report (3/1/2012 - 3/31/2012), and July Quarterly Report (4/1/2012 - 6/30/2012).

The RAI identified four issues with a fifth identified in the attachment. The issues are addressed in turn.

1. Potentially Excessive Contributions by Individuals. Each issue has been corrected. This itemized list identifies the Committee's corrective action, the date of the action and the report on which it has or will appear.

Beattie, Glenn-Reattribution to spouse, Tina, 11/27 Year-End

Boehm, Christopher-Full refund, 2500, 12/15 Year-End

Burt, Robert Norcross-Partial refund, 1500, 12/15 Year-End

Considine, Frank-Reattribution of excess portion to spouse, Nancy, 10/18 30G

Hatherly, John-Reattribution to spouse, Christina, 11/27 Year-End

Isham, Robert-Reattribution to spouse, Nancy, 10/19 30G

Jenny, Michael-Full refund, 518, 12/15 Year-End

O'Hara, Charles T-The 12/5/2011 contribution was reattributed to his spouse on March 15; the reattribution was mistakenly reported as reattribution of a Primary 2012 contribution, rather than a General 2012 contribution from Mr. O'Hara, but it was properly designated as a P2012 for Mrs. O'Hara on the April Quarterly Report. The April quarterly report has been amended to correct this error.

Peltz, Jason-Reattribution to spouse, Jacqueline, 12/15 Year-End

Semersky, Ernie-Excessive; Refund of \$2,500, 10/4 12G

Walker, Christine-Should have been reported as presumptively reattributed to spouse, Victor, corrected on amended report, 8/28 Oct Quarterly

Zell, Matthew-Reattribution to spouse, Rivka, 11/27 Year-End; Partial refund, \$500, 12/15 Year-End

2. Excessive Contribution by Authorized Campaign Committee

Price for Congress-The excessive contributions received from this Committee were a result of Joint Fundraising Committee distributions. We have refunded the amount here, as well as several subsequent JFC distributions to the Committee. Full refund, 12/15 Year-End

3. Primary Designate Contributions Received after Primary

The Committee made a number of errors reporting Exelon PAC's contributions and further confused the situation in trying to remedy the errors. The 3/11/2011 contribution was part of a JFC transfer and was erroneously designated for P2012 rather than G2010 Debt Retirement as the other JFC attribution memos were designated. The 5/10/11 and 6/30/11 contributions were correctly designated for P2012, as was a 9/21/11 contribution not listed on the RAI attachment.

These three contribution resulted in \$5,000 for P2012. Contributions on 6/15/12, 8/23/12, and 9/29/12 totaling \$5,000 were or should have been designated for G2012. Memo entries on the October Quarterly report were listed in an attempt to correct these attributions. Those memo entries have been eliminated and the contributions now reflect the correct designation.

4. Contributions from Unregistered Organizations

The four unregistered organizations from which contributions were received are all Illinois state campaign committees. All were given from acceptable funds. Memo entries have been added to the amended report.

5. Excessive Contributions from PACs

The attachment to the RAI also notes potentially excessive contributions from Lincoln PAC. The 12/11/2011 contribution from Lincoln PAC should have been designated for G2010 debt retirement. The report has been amended to correct the designation.
